\*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, derivatives, etc.  
The Scheme shall invest in REITs/InvITs to the extent mentioned in asset allocation and in line with, SEBI (Mutual Funds) (Amendment) Regulations, 2017.  
The Cumulative Gross Exposure to Equity, Debt, Derivatives Positions, REITs and InvITs will not exceed 100% of the Net Assets of the Scheme.

Further, the investor may note that in the view of aforesaid change in investment objective and asset allocation of the Scheme, following additional investment restrictions and risk factors shall be applicable to the Scheme:

- Investment Restrictions:**  
Apart from investment restrictions specified under Seventh schedule of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, additional investment restriction shall be as follows:
- No Mutual Fund under all its scheme shall own more than 10% of units issued by a single issuer of REIT and InvIT;
  - At a single Mutual Fund scheme level:
    - not more than 10% of its NAV in the units of REIT and InvIT; and
    - not more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
- The limits mentioned in sub-clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.
- Risk Factors Associated with Investments in REITs and InvITs:**

- Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/InvIT receives as dividends on the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate primarily based on the below, amongst other things:
    - Success and economic viability of tenants and off-takers
    - Economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
    - Force majeure events related such as earthquakes, floods, etc. rendering the portfolio assets inoperable
    - Debt service requirements and other liabilities of the portfolio assets
    - Fluctuations in the working capital needs of the portfolio assets
    - Ability of portfolio assets to borrow funds and access capital markets
    - Changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets
    - Amount and timing of capital expenditures on portfolio assets
    - Insurance policies may not provide adequate protection against various risks associated with operations of the REIT/InvIT such as fire, natural disasters, accidents, etc.
    - Taxation and regulatory factors
  - Price Risk:** The valuation of REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. Real estate) in which the REIT/InvIT operates and resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events, etc. REITs and InvITs may have volatile cash flows. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian Law in the event of insolvency or liquidation of any of the portfolio assets.
  - Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC / Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
  - Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
  - Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital.

**RISK CONTROL:**  
The Investment Manager endeavors to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on its own research as well as third party research. This involves one to one meetings with the managements, attending conferences and analyst meets and also tele-conferences. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions etc.

As per the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 any modification in the investment objective and asset allocation of a scheme amounts to a change in the fundamental attributes of the scheme. Accordingly, as per Regulation 18(15A) of the said regulation and SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2017/17 dated February 28, 2017, in case an investor does not wish to continue to hold units in view of the said changes, he / she / it will have the option to exit the said schemes / plan at the prevailing NAV, without any exit load. The said exit option can be availed between Tuesday, June 13, 2017 to Tuesday, June 27, 2017 (upto 3 p.m.) (both days inclusive). The aforesaid exit option will be available for all the investors of the schemes / plan as on June 12, 2017. All transaction requests received on or after Wednesday, June 28, 2017, will be subject to load, as may be prevailing in the respective Scheme / Plan mentioned above. It may be noted that the offer to exit/switch is merely an option and is not compulsory. Please note that redemption request may be submitted to any of the Offices of the AMC or the Karvy Investor Service Centers. Such exit option will not be available to unitholders whose units have been pledged and Mutual Fund has been instructed to mark a lien on such units and the release of the pledge is not obtained and appropriately communicated to Mutual Fund prior to applying for redemption. Please note that any applicable STT shall be borne by the AMC.

Unitholders who do not exercise the exit option during the said exit window period would be deemed to have consented to the proposed redemption. It may also be noted that no action is required in case Unitholders are in agreement with the aforesaid changes, which shall be deemed as consent being given by them for the proposed changes.

All the terms and conditions of the Scheme apart from those mentioned above will remain unchanged.  
This Notice-cum-Addendum forms an integral part of the Scheme Information Document (SID) / Key Information Memorandum (KIM) of Mirae Asset Prudence Fund. The SID, KIM and Application forms are available at AMC Branches / Mutual Fund website www.miraesetmf.co.in or at Investor Service Centres / Distributors.
